## HAWAIIAN BAND TO PLAY AT FAIR

PORTLAND EXPOSITION SECURES FOUR WORLD FAMOUS BANDS WHICH WILL GIVE CONCERTS DURING EXPOSITION.

Special to The Journal. Portland, May 12.—Negotiations have been concluded by which the Hawaiian Band, of Honolulu, an organization of forty pieces, in which all the players are native Hawaiians, will play a four week's engagement at the Lewis and Clark Exposition. The band is said to be one of the finest in the world, rivaling the Royal Italian Band, and the securing of its services completes the arrangements for unexcelled musical features at the Western World's Fair.

The Hawaiian Band is backed and maintained by the municipality of Honolulu, which gave reluctant consent to its visiting the United States, and formerly was Queen Lili's royal band. Its members are trained for their positions for many years, beginning their musical education in early childhood, and the ensemble is excellent. Two women are among the natives who compose the musicians. Band concerts will be given every afternoon and evening, in the music shell on the shore of Guild's Lake, the Exposition water feature. There will be seats for thousands on the terrace slope which leads from the lake shore to Lakeview Terrace at the crest of the elevation on which the main exhibits palaces stand, and the location of the band stand assures excellent acoustics.

During the first four weeks of the Exposition, from June 1 to June 28, Frederick Innes's famous band of forty pieces will play daily. At the conclusion of this engagement, Liberati's band will play until July 26, and then will follow Dierke's from July 27 to August 23; the Hawaiian band from August 24 to September 17, and Ellery's from September 18 until the close of the Exposition, October 15.

In addition to these bands Alberico de Capricio, who conducts the band which bears his name, has been engaged to provide music during the entire Exposition period. His organization will be known as the Administration Band. This band will meet embassies from foreign countries, distinguished citizens and delegations at the Union station, and conduct them to their hotels and to the Exposition grounds, and be on duty on various occasions as needed.

A delightful feature of the Sunday programs will be the oratorios which are planned to be given on several occasions during the Exposition period. Talented soloists from all over the United States have been engaged to lead the oratorios, and the choruses will consist of several hundred voices. The choruses are already being trained. At present it is planned to give four oratorios in all, and the probable dates are June 4, July 2, September 10 and October 15. The first will be Handel's Messiah, and others being considered are the Elijah by Mendelssohn; Stabat Mater, by Rossini; the Deum, by Sullivan, and St. Cecilia's Mass, by Gounod.

The oratorios will be held in the Auditorium of the Exposition, a handsome structure with a stage which seats several hundred and an audience room with a seating capacity of 3,000. On the Sundays not devoted to oratorios, there will be important religious and educational conferences, or addresses by men prominent in the world of thought.

Why Suffer From Rheumatism? Why suffer from rheumatism when one application of Chamberlain's Pain Balm will relieve the pain? The quick relief which this liniment affords makes rest and sleep possible, and that alone is worth many times its cost. Many who have used it hoping only for a short relief from suffering have been happily surprised to find that after awhile the relief became permanent. Mrs. V. H. Leggett, of Yum Yum, Tennessee, U. S. A., writes: "I am a great sufferer from rheumatism all over from head to foot, and Chamberlain's Pain Balm is the only thing that will relieve the pain." For sale by all druggists.

Great Men of Lowly Birth. Most of the great men of history were of lowly birth. Lord Wolsey was the son of a butcher, Columbus the son of a weaver, Horace the son of a manufacturer, Sir Richard Arkwright the son of a barber, Shakespeare the son of a wool stapler, Watt the son of a blackmaker, Virgil the son of a porter, Stephenson the son of a fireman at a colliery, Burns the son of a plowman, Franklin the son of a tallow chandler, Oliver Cromwell the son of a brewer, Esop was a slave; Beaconsfield was a lawyer's clerk, Thomas Paine a staymaker, De Foe a hosier, son of a butcher; Demosthenes was the son of a crier, Ben Jonson a bricklayer, Bunyan a traveling tinker, Dickens a reporter; Edmund Kean was the son of a stage carpenter; Cervantes was a common soldier; Homer was a farmer's son and is said to have begged his bread. The list might be extended through columns.

Hair Growth. It is a curious fact that a boy's hair grows one-half slower than a girl's. In boys the average rate of growth is three feet three inches in six years, being an average of .018 inch a day. During the twenty-first and twenty-fourth years a man's hair grows quicker than at any other period. It takes an average of twenty weeks to reach a length of 4 1/2 inches, and then its life is from 100 to 150 days. By means of a camera the weight of an eyelash has been measured, and it was found that twenty eyelashes can be made in four seconds.

## CELEBRATION AT MILLVIEW

OPENING OF PAVILION ON MAY 20 IS TO BE A GREAT AFFAIR.

Special to The Journal. Millview, Fla., May 12.—Mr. Geo. Westmeyer and son Andrew, spent Wednesday in Pensacola. The Pavilion at Bay View Park, Millview, is completed and on the 20th this month will be formally opened to the public. There will be an address of welcome by Hon. Geo. Westmeyer, of Pensacola, at one o'clock, responded by Professor Miles, singing by Millview choir, also the male quartet. After noon there will be a ball game between the Bayview and Big Bayview teams, game called at 3 o'clock. This promises to be a good game. There will also be racing, hammer throwing, jumping and everything for a good time. After the ball game the May dance will commence and continue until 12 o'clock. There will be bathing and boating and refreshments will be served on the grounds.

Deputy Sheriff Davis promises the best of order. The Millview orchestra will furnish the music for the afternoon and evening and every one is welcome. Mr. Geo. Westmeyer has purchased a new buggy horse. The mill is running on steady time and every one seems in good spirits. Mr. Dan Malone brought in quite a variety of vegetables this morning from his place, and Mr. Lewis did likewise.

Several parties have been fishing in the past week and had fine luck, bringing home many fresh water broom and trout.

Mrs. L. E. Henricks intends to sell her place near here and move down on the bay.

A Good Suggestion. Mr. C. B. Wainwright of Lemon City, Fla., has written the manufacturers that much better results are obtained from the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy in cases of pains in the stomach, colic and cholera morbus by taking it in water as hot as can be drunk. That when taken in this way the effect is double in rapidity. It seems to get at the root of the trouble instantly," he says. For sale by all druggists.

## SANAZOL

LOTION AND SOAP.  
POSITIVE CURE FOR ALL SKIN DISEASES.

The wonderful discovery of a famous specialist in skin diseases, J. Fulton, M. D., Brooklyn, N. Y. Sanazol treatment is external only.

SUFFERERS FROM Eczema, Lupus, Herpes, Ringworm, Prurigo, Scrofuloderma, Skin Cancer, Pediculosis, Psoriasis, Ecthyma, Lichen, Syphilis, and all other forms of ulcerative, scaly and parasitic skin diseases find immediate relief and permanent cure by the use of Sanazol. It removes pimples and blackheads and cures sweaty or itching feet.

Some of the now famous cures by Sanazol treatment were fully described in the New York World of March 9 and the Brooklyn Daily Eagle of March 29, 1904. August Newman of Enfield street, near Graves Place, Brooklyn, writes that he had been a sufferer from skin eruption for eight years called various names by different physicians. Finally he was induced, in sheer desperation, to try Sanazol. He enjoyed his first unbroken sleep after the first bottle of Sanazol. His reward for a conscientious treatment of this remedy for two months was a complete cure.

THE SOAP has no equal. Its daily use without lotion will give your face and hands a perfect skin, restoring the deficient respiratory conditions of your skin to its normal health, producing the freshness of youth and a glow of health and beauty. Try it.

Those afflicted with itchy and scaly skin diseases suffer most during hot weather. Avoid this by the use of Sanazol.

Write for testimonials and full particulars of Sanazol treatment (free of charge). Treatment requires combined use of lotion and soap. Sent on receipt of price or at druggists.

Lotion, half pint, \$1.00; Soap, 25c per cake or jar (3 cakes, 65c). Address Sanazol Laboratory, dept. B, 14 100-102 E. 12th St., Brooklyn, N. Y.

## CELEBRATING 9th ANNIVERSARY

The Boston Shoe store by way of celebration on the event of its ninth anniversary, will offer shoes to-day at special prices.

The actual date of the anniversary is Sunday, May 14. These people have made it a practice for the past few years to offer goods at reduced prices on their anniversary, but inasmuch as they cannot observe the occasion in the usual manner, the 14th being on Sunday, the special sale will be held today, and the public is invited to call and look over the goods and consider the prices at which they are being sold.

See the big ad on the 8th page of The Journal.

## A Very Pleasant Affair.

## TUGS TRYING TO SAVE THE ALICIA

BELIEVED THAT WRECKERS WILL BE ABLE TO FREE THE STEAMER.

Jacksonville tugs are now pulling on the wrecked steamer Alicia in hopes of saving her. The Miami Metropolis in speaking of the wreck says:

"The tug Three Friends, and the powerful wrecking tug Salvor of Jacksonville, arrived at the stranded Spanish steamer Alicia on Ajax reef, this morning, prepared and equipped to float the ship, if possible.

"The tugs are supplied with powerful centrifugal pumps for clearing the hold of water, and it is believed that they will be successful by those best informed on the actual condition of the vessel, which, it is said, is not as serious as reported and considered by some.

"Customs Inspector Ferris of this port is still in charge of the wreck and will remain there until such time as he is ordered away by his superiors. If pulled from her perilous position the Alicia will either be towed to Key West or Jacksonville for repairs and disposition."

## Illegible Signatures.

"Among a lot of letters I received in answer to an advertisement," said a business man, "there was one that I couldn't read the signature. Every word in the body of the letter was clear, but the signature was illegible. I don't know how many people there are who write plainly enough until they come to write their own name and then write that blindly. I suppose it is more from force of habit than anything else, for they may be otherwise the most careful people in the world.

"Every man should write his signature with perfect distinctness, so that it can be read easily and without mistake by those unfamiliar with it, and also as a mark of his own care and exactness.

"One letter that I received, its body written, had its signature put on with a hand stamp. I didn't know just what to think of this, but it had at least the merit of perfect plainness."—Washington Post.

## The Saw of the Mosquito.

The bill of the mosquito is a complex instrument. It has a blunt fork at the head and is apparently grooved. Working through the groove and projecting from the angle of the fork is a lance of perfect form sharpened with a fine bevel. Beside it the most perfect lance looks like a hand saw. On either side of the lance two saws are arranged, with the points fine and sharp and the teeth well defined and keen. The backs of these saws play against the lance. When the mosquito alights, with its peculiar hum, it thrusts its keen lance and then enlarges the aperture with the two saws, which play beside the lance until the forked bill with its capillary arrangement for pumping the blood can be inserted. The sawing process is what grates upon the nerves of the victim and causes him to strike wildly at the sawyer.

## Save Your Daughter

No. 35 West 25th Street,  
New York City, N. Y., April 8, 1905.

Wine of Cardui has been a blessing to my home. I have often thought that it was a great relief when I was weary or in pain, but I am especially grateful for what it did for my daughter and only child. I noticed that her menses were scanty and she suffered with headaches and giddiness, heaviness in the abdomen and about the loins. This seriously interfered with her studies and she had to discontinue several of them.

A visitor calling on me and discussing the matter suggested that I give her a course of your Wine of Cardui as it had relieved her daughter of a similar trouble. After my daughter had used it for five weeks I found a great improvement in her looks, health and behavior, in fact she was a different girl. The flow became regular and we have not had any difficulty since.

Lizzie H. Thompson

THESAURUS, BATHORNS MEMORIAL ASSOCIATION.

## WINE OF CARDUI

Here the menstrual function had not been properly started and the unnatural condition was making the young girl an invalid. The headaches and giddiness, indicated something more than a mere temporary ailment. They were symptoms of a functional weakness which would become more and more aggravated as years went by. But Mrs. Thompson was ready to take advice for her daughter's welfare and she gave the little sufferer Wine of Cardui and now she is a well young woman.

If your daughter is sickly and frequently ailing the letter of this good mother contains the best advice you can follow.

Wine of Cardui is the menstrual regulator that cures nine cases out of every ten. Young girls, mothers and aged women find this tonic indispensable. All druggists sell \$1.00 bottles Wine of Cardui.
